- Rugged headband construction
- Single-sided cable
- Soft headband pad
- Excellent sound location
- Gold-plated 1/8" mini stereo jack plug (3.5 mm) and 1/4" adapter (6.35 mm)

DESCRIPTION

The DT 880 combines the strengths of open and closed studio headphones. The improved systems of the legendary DT 880 now offer a high quality headphone with excellent analytical properties, especially for classical music. The DT 880 reproduces an amazing sound spectrum, with clean, clear detail from the deepest bass to the highest highs. The highs are crystal-clear without being unpleasant, impressive even at low levels. The neutral balanced mids are analytical and strong, without being predominant. The DT 880's bass is voluminous without being too obtrusive. The single-sided cable, the soft ear pads and the padded headband make the DT 880 extra-comfortable for extended listening sessions.

The DT 880 is still manufactured in Germany, providing an excellent quality.

TECHNICAL SPECIFICATIONS
